EAU delegates

- Every year we have 3 delegates from EAU, one senior and two young faculties.
- This year UAA would like to ask Dr. Michiel Sedelaar to nominate two young faculties from Prostate Cancer Working Group and Men’s Health Working Group, based on the past delegates (but there is no overlap in participants each year).
- Contents of contribution: Each faculty is expected to give two 15-min talks in EAU Young Urologists’ sessions 1 & 2. Session 1 is regarding EAU Young Urologist Office (EAU YUO), while Session 2 consists of “States of the Art” on the areas of expertise of each Delegate.
